

NEW 15000 SQFT FACILITY FOR INCOME GENERATION PROJECTS IS NOW OPEN

We are happy to announce the opening of our new 15000 Sq Ft space dedicated to Income Generation Projects at John Foundation. Since inception, we have consciously made efforts to ensure that the operational costs of its various social impact projects are self-sustainable. In the furthering of this goal, John Foundation runs a number of income generating businesses including garment

factories, book business and giftline factories. These not only bring income that meet a proportion of our operational costs but also provide employment opportunities to many within our communities. The newly opened space will house our expanded garment factory which will now be able to employ upto 100 tailors when running at maximum capacity. The building will also house a massive storage and dispatch warehouse for the book business

“I FEEL PRIVILEGED TO TODAY SIT IN MY OWN AIR-CONDITIONED OFFICE WHERE EVERYONE RESPECTS ME”

Manasa is a twenty one year old college dropout. Although extremely interested in her academics, things took a turn for the worse when her father was diagnosed with HIV/AIDS a few years ago. Growing medical bills, meant the family could no longer pay for her education, forcing her to dropout. Her mother, who had herself never finished education found it difficult to find a job that could support the family. This is when she heard about the Asha Employable Skill Training centre from a friend. Determined to finish education, she completed courses in Computers and English at the Asha Employable Skill Training Centre. Today she works as a Tellycaller at HDFC Bank and earns a good salary every month. “I feel so privileged to sit in beautiful Air conditioned Officeroom where everyone respects me”, she says. “I am so thankful to John Foundation for training me. Today my parents are proud that I can earn a living and support them.”

JF CHILDREN CONTINUE TO EXCEL ACADEMICALLY AND IN EXTRACURRICULAR ACTIVITIES

When Siddhu came to join a home at John Foundation, his grandmother was struggling to look after him. Having lost both his parents at a young age, Siddhu's grandmother tried her best to look after him. However, as she grew older, she began to suffer with multiple medical issues which made it difficult to care for him any longer. Although initially scared and shy, Siddhu soon began to get along with the other kids in the home. He struggled for the first year at school and needed

extra care, support and encouragement from his housemother. Today, his teachers tell us that Siddhu is one of the best students in class. Always ready to learn more and be involved in extracurricular activities. He remains grateful to John Foundation for the great change it has brought in his life.

Gayathri's father was an alcoholic who abandoned the family and left home a few years ago. Her mother, a daily wage worker barely earned enough to feed her three kids. Mounting financial debt made it impossible for her to continue looking after all her kids and so she brought Gayathri to John Foundation. Gayathri too initially struggled with her grades and needed constant support and encouragement. With time she began to improve and enjoy school. In her most recent exams, she bagged the first rank in her class and received a special prize from her school for her excellent performance.

CHRISTMAS IS APPROACHING!! YOUR OPPORTUNITY TO HELP THE KIDS HAVE A WONDERFUL CHRISTMAS THIS YEAR

We have 232 children in our campuses and 72 girls rescued from trafficking and temple prostitution. These children and girls have no place where they can celebrate their Christmas and every year we do our best to make the Christmas season a happy time for all our children and girls. We would love to buy one special set of dress for all our children and girls for Christmas this year and plan a full day of fun and program on 13th December concluding with a special dinner. The cost for each child is going to be \$ 22/- (includes the dress/special meal and the program expenses). We would be very grateful if you would considering sponsoring a child this Christmas.

Over the years you have made the Christmas season a special time of the year for our children and girls and we will be grateful if you would please consider doing the same this year as well. You can make this contribution by going to our website www.thejohnfoundation.org and make a donation there through paypal or by sending a check in favor of The Great Commission Foundation and send it to The Great Commission Foundation, 3230 Seagraves Mill Road, Hull, GA 30646, USA with a note saying it is meant for the Christmas gifts.

ASHA BIBLE COLLEGE STUDENTS HAVE POWERFUL SPIRITUAL EMPHASIS DAYS

Every year the students at the Asha Bible College take a few days out of their lessons to spend some time fasting, praying and seeking God's direction for the ministry he has for them once they graduate. On the 17th and 18th of October, our students had a powerful time in the presence of God, listening from God's word and praying for their future. We had several special guest pastors who also spent time with them counseling them, praying with them and teaching them on various aspects of preparing for full-time ministry.

Many of the students received specific burden to plant churches and minister among unreached regions and people groups of India and beyond. The students also had a chance to share these with the larger group as everyone was prayed for. We are grateful for the move of God at these meetings and encourage you to continue to pray for these students as they graduate soon and seek to pursue God's calling over their lives.

NGALENGPAM MADE AN 1800 MILE JOURNEY TO BECOME AN ELECTRICAL EXPERT WHO CAN TODAY SUPPORT HIS FAMILY

Ngalengpam comes from a poor tribal village in the North-East Indian state of Manipur. A few months ago, other students from his area had successfully completed courses at the Asha Employable Skill Training Institute. Although a passionate young boy, he had struggled to find a job in his village due to the lack of sufficient training facilities and opportunities there. His pastor suggested that he join the Asha Men's employable skill training centre in hopes of finding him a job.

Having travelled 1800 miles to reach Hyderabad, he was excited about the opportunities that lay before him. A sincere, hard worker, Ngalengpam soon began to excel at his Electrical and Electronics training course. He soon also began taking up on job training opportunities in new electrical fitting, wiring, connection works at the local Dabilpur town.

A prayerful and disciplined young man, he also began to be a blessing to other students at the Asha hostel. Soon he began leading a small group of boys into a weekly hostel devotion sharing with them all that he knew about Christ. After the completion of his Electrical training, he received a job offer from a construction firm at Hi-Tech City in Hyderabad. He plans to take up this job and settle down in the city. He remains grateful for the opportunity to learn and find a job through John Foundation. Today he sends back a part of his salary every month to help support his family.

THANK YOU FOR YOUR SUPPORT TOWARDS THE WORK OF JOHN FOUNDATION. WE WOULD APPRECIATE YOUR CONTINUED PARTNERSHIP TO THE MINISTRY.

SAJI AND CYNTHIA
