

Thankful

**Brian and Crystal
Boecker**

Serving with GSN
November 2021

We are so grateful for your partnership and prayers that empower the different opportunities for us to continue serving people in ministry in unique ways. Whether that is Crystal in her recent trip to Cyprus to serve women who are working in the Middle East—or Brian’s work with LEAF (Leadership Evaluation and Formation) conference your impact is real. We thought it would be best for you to hear and see that impact from those who were part.

From Cyprus:

"I had one of the most powerful God-encounters of my life. I left with an incredible sense of freedom in the deep work God has done in me. It has been amazing to connect with women who “get” our life on the field and to have the chance not to be “on”."

"I had a blessed time to encounter God and His words for me. This time just made a big difference in this season of my life and ministry. I haven’t had a time of spiritual rest for about 2 years, and this came in the perfect time and season!"

From Orlando: "It was such a great place to be able to process. I was so grateful for people’s attention and attunement. I feel like this is 14 hours of free counseling, but it was even so much more than that. Because there is the gift of multiple people’s experiences and insights, and it came from people who know the context of what our ministry is. And these people are still available afterward. It’s such a gift."

Thank you for all your faithful prayers. We regularly feel support and love as we walk through various stages of life. Please especially pray for this holiday season with Brian’s Family—health concerns and meaningful time with each other.

Brian also has a virtual LEAF conference he is helping within Asia. Please pray as he and the other coaches prepare—as well as the couples and individuals that will be going through.

As we head into the New Year—please be praying as we plan and prepare for different opportunities to serve. We always in need of discerning are the things God is inviting us to and where to use the gifts He has given. For Crystal, there are opportunities to serve in Kenya, Italy, and England. We have some opportunities to work together with Cru in Florida and at their bi-annual conference. Thanks for praying as we sort through these opportunities.

Brian and Crystal
